#### **Connecticut Legislation on Premium Payments for Terminated Employees**

We want you to be aware of important State of Connecticut legislation regarding health insurance premium payments for terminated employees.

Effective October 1, 2009, Connecticut Public Act No. 09-126 provides employers (with fully insured health plans) an election to terminate an employee's medical insurance coverage under a group health insurance policy 72 hours after termination of employment, for any reason other than layoff or if an employee voluntarily terminates employment.

If the employer chooses to terminate the policy and wants to receive a premium credit, it is the employer's responsibility to e-mail or fax an Employer Request for Premium Credit form to us no later than 72 hours after the termination. The e-mail address and fax number are included on the form. The form will not be accepted by mail.

It is also the employer's responsibility to notify the former employee of this election within 72 hours of termination and to remit to the former employee, his or her share of any credited or returned premium.

The Employer Request for Premium Credit form is enclosed and available through the Employers site at *www.oxfordhealth.com*. Once you log in, choose the *Tools* & *Resources* tab. Under *Practical Resources*, select *Your Benefit Coverage*, and then *Forms*. The Employer Request for Premium form will be listed with Connecticut small and large group information.

If you have any questions regarding this Public Act, please contact your Oxford representative.

- Coordination of Benefits: To the extent permitted by law, all health expense benefits will be coordinated with benefits under any No-Fault Auto Plan, under any other Group Plan and under any Group-Type Plan.
- Integration with Medicare Benefits: Health benefits will be coordinated with Medicare benefits for any employee over the age of 65 who is not actively at work. Health benefits covered by Medicare Part A, Part B and Part D are carved out for retired employees age 65 or over and their dependents age 65 or over if the group offers retiree coverage.
- 9. **Dependent Eligibility:** Dependents are defined as follows:
  - a legal spouse
  - any child (natural, adopted, placed for adoption, or step child) of the insured or insured's spouse who is under the age of 26

Coverage for dependent children will end on the last day of the month following the month in which the child no longer meets dependent eligibility requirements.

If a child cannot support him/herself due to mental or physical handicap, the age limitation requirement for such a child is waived provided that the disability or handicap arose prior to attaining the limiting age and the child is chiefly dependent upon the subscriber for economic support and maintenance, provided proof of such incapacity and dependency is furnished to Oxford within thirty-one (31) days of the child's attaining the limiting age. However, the child must have been covered under this plan or the prior plan on the day before his/her attaining the limiting age.

#### \*Important Information Regarding Producer Compensation:

We pay brokers and agents (referred to collectively as "producers") compensation for their services in connection with the sale of our insured products in compliance with applicable law. We pay "base commissions" based on factors such as product type, amount of premium, group size and number of employees. These commissions are reflected in the premium rate. In addition, we may pay bonuses pursuant to bonus programs established from time to time which are designed to provide incentives to achieve production targets, persistency levels, growth goals or other objectives. Bonuses are not reflected in the premium rate but are paid from our general administrative expenses. In general, our total bonuses are less than 10% of total producer compensation paid. It is our policy not to pay commissions to producers with respect to a product for which the customer is also paying the producer a commission or other fee. Please note we also may make payments from time to time to producers for services other than those relating to the sale of policies (for example, compensation for services as a general agent or as a consultant). Producer compensation is subject to disclosure of Schedule A of the ERISA Form 5500 for customers governed by ERISA and subject to form 5500 filing requirements. We have also taken steps to ensure that producers properly disclose their compensation arrangements to their customers, but we cannot guarantee the producer's compliance. For general information on our producer payment arrangements, please go to www.oxfordhealth.com. For specific information about the compensation payable with respect to your particular policy, please contact your producer.
